COVID-19 Case Report: February 2022

This report provides a snapshot of activity regarding the tracking of the spread of COVID-19 among Steel Center’s students and employees. Also included in this report is data related to the Indiana County Technology Center’s Adult LPN program which operates at Steel Center two-three evenings per week and on most Fridays during the day. Potential Cases represent all individuals that have been tracked based on experiencing COVID-like symptoms, been exposed to COVID-19, or have otherwise had circumstances that led to being reviewed by our Health and Safety Nurse under the COVID-19 Decision Tree. This report will be updated monthly, please contact Steel Center Pandemic Coordinator, Executive Director Kevin Rice with any questions.
