

2021-22 Health & Safety Plan Summary: Steel Center for Career & Technical Education

Initial Effective Date: July 1, 2021
Date of Last Review: August 19, 2021
Date of Last Revision: August 23, 2021

- 1. How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning?**

Steel Center for Career and Technical Education receives guidance from the Centers for Disease Control (CDC), the Pennsylvania Department of Education (PDE), the Pennsylvania Department of Health (PA DOH), and the Allegheny County Health Department (ACHD). Steel Center will work in coordination with these agencies, and other federal, state & local authorities as necessary, to develop and refine expectations that meet all requirements

Steel Center will develop a communications document that will be posted on the school's website and communicated to students, parents, staff, and other stakeholders each time the Health and Safety Plan is updated.

Steel Center will revise this plan as necessary, based on changing guidance at any of these levels, at the required frequency. Such changes will be communicated to all stakeholders.

- 2. How will the LEA ensure continuity of services, including but not limited to services to address the students' academic needs, and students' and staff members' social, emotional, mental health, and other needs, which may include student health and food services?**

Steel Center will continue to ensure safe learning and working environments for all students and staff.

Steel Center will provide in-person instruction during the 2021-22 school year. In events of Covid-related school closures and student absences, Steel Center is prepared to provide instruction virtually to allow for continuity of learning in conjunction with the school's Instructional Time application under Section 520.1 and approved by the local governing body and PDE. Steel Center will be able to quickly modify instructional delivery models to in-person instruction, virtual/remote instruction, and/or hybrid instruction.

Steel Center will continue to ensure all students receive instruction that meets state and federal standards and have the necessary support for success, including access to technology and connectivity.

- 3. The following table explains how the LEA will maintain the health and safety of students, educators, and other staff and the extent to which it has adopted policies, and a description of any such policy on each of the following safety recommendations established by the CDC.**

2021-22 Health & Safety Plan Summary: Steel Center for Career & Technical Education

ARP ESSER Requirement – Strategies, Policies, and Procedures

ARP ESSER Requirement	Strategies, Policies, and Procedures
<p>a. Universal and correct wearing of <u>masks</u>;</p>	<p>Due to UPDATED guidance received on August 12, 2021, Steel Center must now follow new procedures related to the quarantine of students and staff. Also, on August 16, 2021, Alleghany County was identified as being high community transmission rate for COVID-19. Due to these developments and effective August 23, 2021, Steel Center will require masks for all students, staff, and visitors when indoors and at the school. This mask REQUIREMENT will be revised as necessary using updated data and guidance.</p> <p>Signs teaching how to correctly wear a mask consistent with CDC guidelines will be posted.</p>
<p>b. Modifying facilities to allow for <u>physical distancing</u> (e.g., use of cohorts/podding)</p>	<p>Steel Center is a shared-time career and technical school whose students attend part-time. Steel Center will maintain physical distancing as recommended by the ACHD, as feasible. Class arrangements and hallway travel will also be altered, if needed, to maintain effective physical distancing. Steel Center will continue to rely on the ACHD’s guidance to design safe instructional and work spaces for all individuals.</p>
<p>c. <u>Handwashing and respiratory etiquette</u>;</p>	<p>All individuals will continue to be encouraged and reminded to sanitize or wash their hands on a frequent basis.</p> <p>Sanitizing stations will be positioned at each entrance of the school, the main lobby, and within each classroom/office area. Signs will be posted reminding staff and students of the importance of proper handwashing, and the proper covering of mouths/face during coughing and sneezing.</p>
<p>d. <u>Cleaning and maintaining healthy facilities, including improving ventilation</u>;</p>	<p>Steel Center will continue to follow proper cleaning and sanitizing protocols following CDC, EPA, and manufacturer guidelines.</p> <p>Ventilation management remains a critical strategy to clean and maintain healthy facilities.</p> <p>Hand sanitizing stations will be utilized throughout the building.</p> <p>Cleaning will continue on a routine basis, especially with high-touch items, including cleaning of restrooms, lobby, conference rooms and work areas.</p> <p>Cleaning products are approved on the EPA COVID-19 approved sanitization products list. Additional cleaning/disinfecting products are available for staff use as needed - disinfectant wipes, hand sanitizer, hand soap, and paper towels.</p>

2021-22 Health & Safety Plan Summary: Steel Center for Career & Technical Education

<p>e. <u>Contact tracing in combination with isolation and quarantine, in collaboration with the State and local health departments;</u></p>	<p>Steel Center will continue to assist the ACHD with contact tracing, if necessary, using their recommendations to assist families and staff with understanding isolation and quarantine requirements.</p> <p>Steel Center will follow general and case-specific guidance issued by the Allegheny County Health Department regarding isolation and quarantine for suspected and confirmed cases of COVID-19.</p> <p>We will respond to a confirmed or probable case of COVID-19 by Steel Center Call Allegheny County Health Department’s (ACHD) COVID Hotline (1-888-856-2774), who will provide guidance on disease information, appropriate letters and communications, identification of high-risk individuals, appropriate action and treatment and ongoing support and assistance.</p> <p>Information about a positive or suspected positive case may come from a variety of sources. Upon positive confirmation, take the individual immediately and discretely to designated COVID-19 isolation space (placed in an isolation area, not in the mainstream such as a conference room).</p> <p>Close off areas used by ill person (placed in isolation area, not in the mainstream such as a conference room) If recommended by CDC, PDE, and the Allegheny County Health Department, wait 24 hours before cleaning and disinfecting.</p> <p>If a potential exposure is communicated to the school, the ACHD will be immediately contacted for guidance and protocol.</p>
<p>f. <u>Diagnostic and screening testing;</u></p>	<p>Steel Center will continue to recommend that all students and staff receive the COVID-19 vaccination. This is voluntary. Steel Center will continue to recommend that individuals that do not feel well or are experiencing symptoms to NOT report to school/work.</p> <p>Steel Center will regularly communicate best practices for health and personal hygiene to all stakeholders in an effort to reinforce healthy instructional and work environments.</p> <p>The ACHD recommends that Steel Center refer any individual in need of a COVID-19 test to a health provider or other testing programs.</p>
<p>g. <u>Efforts to provide vaccinations to school communities;</u></p>	<p>Steel Center and the ACHD have provided information, resources, or space to administer vaccinations to school communities. Steel Center will continue to partner with federal, state, local, and health care agencies to promote and offer opportunities to receive the COVID-19 vaccination.</p>

2021-22 Health & Safety Plan Summary: Steel Center for Career & Technical Education

<p>h. Appropriate accommodations for students with disabilities with respect to health and safety policies.</p>	<p>Steel Center shall ensure that all students with disabilities receive appropriate accommodations as outlined in their Individual Education Plan(IEP) or 504 service plan.</p> <p>Steel Center will continue to meet those needs through the IEP/504 process, and Steel Center will continue to design and follow any individualized health and safety plan for the students we serve.</p> <p>Steel Center will continue to train staff and contractors on Universal Precautions.</p> <p>Steel Center will regularly communicate best practices for health and personal hygiene to all stakeholders in an effort to reinforce healthy instructional and work environments. For example, individuals will be reminded to not report to school or to work if they are not well or are experiencing symptoms that would cause them to seek medical attention.</p> <p>Steel Center will continue to partner with federal, state, local, and health care agencies to promote and offer opportunities to receive the COVID-19 vaccination.</p>
<p>i. Coordination with state and local health officials.</p>	<p>Steel Center will work collaboratively with the ACHD, PDE, and the sending districts to monitor community COVID data, recommendations, and to coordinate contact tracing.</p> <p>Steel Center will rely on best practices, informed by federal, state, and local guidance, to design and implement high-quality, student-centered instructional environments.</p> <p>Specifically, Steel Center will rely on local health authority guidance to design safe instructional and workspaces for all individuals.</p> <p>Steel Center will continue to facilitate ongoing forums for discussion and planning with federal, state, and local health authorities, and among local schools.</p>
